

Product Change Notification

TE Connectivity

Product Change Notification: P-14-010166

PCN Date: 14-MAY-14

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

The location where the LED fits in the holder has been impro

Description of Changes

It appears that some LED tolerances were larger than the holder. This might not let the LED fit correctly in the holder. Even though no complaints have been registered, TE would like to make you aware of this as a precaution. As this is not in line with the high standards of quality that TE Connectivity has for its products and because the LED industry is fine tuning their LED s TE would need to make some adjustments to the LED holders and fine-tune the location where the LED is installed in this holder.

Reason for Changes:

Product improvement. Please return the existing stock of the TE part number 2213118-1 before July 14 2014 by contacting your TE Customer Service Representative. The stock which was sold and installed do not need to be recalled since the majority of the LED dimensions fit into these holders and a burr only occurs in rare cases during installation and will be noticed immediately as in those cases the LED will not light up. Only the existing stock of the holders should be returned.

Estimated Dates:

Last Order Date (Obsolete Parts Only):

First Date To Ship (Changed Parts Only):

14-MAY-2014

Last Ship Date (Obsolete Parts Only):

Last Date for Mixed Shipments: (Changed Parts Only):

No Mixed Shipments
