

5th March 2020

EOL for LDN480-24

Dear Valued Customer,

As part of our product lifecycle management process, Bel Fuse provides notification when a product has reached End-Of-Life (EOL) status. EOL decisions are based on our review of material availability, historical unit shipment volume and product revenue performance. Products designated for End-Of-Life will be available for a last time buy purchase prior to being made obsolete, depending on component availability.

Last Time Buy (LTB) orders accepted until 31st May 2020.

Last Time Shipments until 31st August 2020.

After the indicated dates, the affected products will be considered obsolete. Acceptance of last time buy orders is subject to product and material availability and at the discretion of Bel Fuse. Every effort will be made to fulfill these orders. Purchase orders for these products will be considered Non-Cancellable, Non-Returnable (NCNR). If you have any questions concerning this End-of-Life notification, please contact your Bel Fuse Customer Service Representative.

Minimum Quantity for LTB order is 500 pieces.

The part number replacement impacted by this notification is shown below

Recommended Replacement	Advantages
LDW480-24	Extended upper voltage range
LDC480-24	Compactness
	PFC
	Extended input voltage range (120...240Vac)
	Dual current limitation

We would also like to take this opportunity to thank you for your business in the past and to assure you that everything we do is aimed at becoming your power supply partner of choice in the future.

Yours faithfully

Audrey Boulot
