**DESCRIPTION OF CHANGE: (Required)**

Panduit is taking this opportunity to discontinue outdated OptiCam connectors that do not work on the current OptiCam 2 tool, several underperforming Keyed LC OptiCam Connectors, and duplex connectors that have a duplicate simplex version. The connectors listed herein have not had significant volume so are being discontinued in favor of high-running OptiCam variants. Please note that this does not affect high-running common OptiCam connectors or tooling. This is simply paring away underperforming products.
