PCN (Product Change Notification) reference: **2018/13**

Subject: **Knowles Cazenovia Voltronics Manufacturing Relocation - Update**

Dear DIGI-KEY CORPORATION,

This notification letter is to advise you that following completion of the previously notified manufacturing relocations (PCN 2018/6 and PCN2018/10) Knowles will, as previously indicated, be changing our ship from location from our Cazenovia New York facility to our Dominican Republic and New Jersey USA facilities. All Voltronics precision trimmer capacitors, microwave tuning elements, will ship from the Dominican Republic with the exception of ITAR restricted items and MIL Std PC series trimmer capacitors which will ship from our New Jersey facility. Non-magnetic hardware and half-turn trimmer capacitors will ship from New Jersey.

On completion of this transition parts manufactured in and shipped from the Dominican Republic facility will be supplied under county of origin, COO, Dominican Republic. ITAR restricted and PC series trimmers shipped from New Jersey will be supplied under COO USA, half-turn Trimmers will continue to be supplied under country of origin Japan and non-magnetic hardware will be supplied under COO USA. This information is tabulated for reference in Appendix A.

Ship from location details are located in Appendix B.

These changes will take effect for all shipments made on and after 1st December 2018.

There is no change to other Voltronics manufacturing locations, suppliers, materials or processes.

Please note that this PCN does not relate to any other products.

If you require further information, please contact your Knowles Precision Devices customer service representative.

Yours Sincerely

Matt Ellis
Product Manager
