

## Product Change Notification

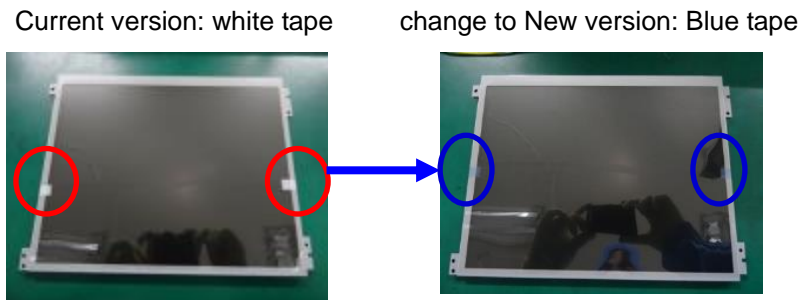

Date: Nov 25<sup>th</sup>, 2015

Dear Valued Customer,

Thank you for choosing KYOCERA as your LCD solution provider. We appreciate the opportunity to support your business. This letter is to provide you a material change for quality improvement in many of the standard products.

### 1. Reason for the ECN:

Two pieces of tape are used to affix protective film on the LCD surface. We will change the tape to a stronger version that will help prevent the protective film moving in handling or process at customer side.

### 2. Part Number:

LCDs with part number starts with "TCG", "STCG", "T-55785", "T-55786", "T-55787", "T-55788".

### 3. Schedule:

We will switch to the new tape once the stock of current tape depleted. Our estimation is within one month.

Thank you in advance for your understanding and your cooperation. If you have any questions, please contact your KYOCERA sales representative.

Sincerely yours,

KYOCERA Industrial Ceramics Inc

Display Division
