**TO: Bridgelux Customers and Authorized Distributors**

**RE: Customer Change Notice:  
Vesta Series™ Packaging Change**

**Ref: CCN-03052018-Packaging Change**

---

This is a Customer Change Notice (CCN) for the Vesta Series Bridgelux LED Array products including Vesta Series Dim-to-Warm and Vesta Series Tunable White arrays. The Vesta Series LED array new packaging tray enhances product security during handling, shipping and storage. Vesta Series Tunable White linear products are not included in the packaging change.

Bridgelux will implement new packaging trays for the Vesta Series LED arrays by form factor in separate phases with dates listed in Table 1. The new Vesta Series packaging trays will replace the previously used packaging tubes, while all other packaging materials will remain the same. If a product is not listed in the below table, there are no changes to that Bridgelux product. The Vesta Series MOQs and SPIs will not be impacted by this change.

New Packaging Tray:

Old Packaging Tray:

Table 1: Updated Vesta Series Packaging Tray Details

<b>Product</b>	<b>LES</b>	<b>Implementation Date</b>
Vesta Series Dim-to-Warm	9mm	2/23/2018
Vesta Series Dim-to-Warm	15mm	4/20/2018
Vesta Series Tunable White	9mm	4/2/2018
Vesta Series Tunable White	13mm	4/2/2018

During the initial phase-in of the new Vesta Series packaging trays, customers and resellers may receive either packaging tubes or trays for up to three months after the implementation start date.

The introduction of the new Vesta Series packaging trays have no impact to the form, fit, function, and operating performance or part numbers for the listed LED arrays.

If you have any questions regarding the new Vesta Series packaging trays, please contact your Bridgelux Representative.

Regards,

Product Management
