Part Series Affected: EY Series

Effective Date: 1/17/2023

The EY series of ceramic composition resistors are not recommended for new design (NRND). Ohmite will still honor and accept new orders until further notice, along with fulfilling backlog on these products. But Ohmite recommends using our other [ceramic composition resistors](#) for new designs, such as the OC series, depending on value and application. If interested in crosses for the EY series, feel free to email Brandon Metzger ([bmetzger@ohmite.com](mailto:bmetzger@ohmite.com)) or Dhriti Chakraborty ([dchakraborty@ohmite.com](mailto:dchakraborty@ohmite.com)).
