Phoenix Contact's factory has announced the following product(s) is going to be discontinued. Existing specifications will be met or exceeded. Technical support of the discontinued product will continue, as required. Please review and acknowledge this document and take the appropriate action with respect to your existing inventory and ordering replacement parts.

#### Description for Product Discontinuation

We always strive to provide you with state-of-the-art products for your application. To this end, for commercial or technical reasons, it is necessary to regularly check the product range and adjust the product life-cycle accordingly. For this reason, we are discontinuing some contacts for our HEAVYCON connectors.

Due to a duplication of products within the Phoenix Contact portfolio, it was decided to consolidate the extra coaxial contacts used in HEAVYCON modular inserts. The new contacts are direct replacements.
