

## Versatile accessories

The next generation Splicing Workstation is designed to support fiber splicing professionals. The heavy duty steel legs lock firmly to the work surface and stand at 31" tall. Our unique cable management bracket fits securely on either side of the workbench. Slots and holes are molded into the table to conveniently hold tools and other splicing equipment. Proven, durable, and portable - this workstation will become a "must have" tool in your splicing environment. Our **Deluxe**, **Professional**, and **Basic** Workstations packages get it right with the best accessories for your jobs.

### Features

- Portable workbench
- Compact fold-up
- Quick-attach standoffs
