

Date: November. 18th, 2021

PRODUCT CHANGE NOTICE

Dear Telit Partner,
we would like to announce the End of Life (EoL) of the SL876Q5-A GNSS module
Telit will follow the schedule reported below during this procedure:

Built to Order (BTO): December 1st, 2021

From this date, the product will be available upon firm order (not cancellable and not re-schedulable).

Last Time Buy (LTB): May 31st, 2022

Orders can be submitted until this date.

Acceptance of 'Last Time Buy' orders is subject to product availability and final confirmed quantities will be communicated one month after LTB date.

Last Shipment Date (LSD): November 30th, 2022

Last shipping date that can be requested for scheduled orders, which were placed before LTB.

Given the current market situation and supply chain constraints, there could be some flexibility to extend the last shipment dates.

End of Maintenance: November 30th, 2023

The technical and commercial support for these variants will end on this date.

The affected part numbers (P/Ns) are listed in the table below:

EoL Part Numbers	
SL876Q5-A	SL876Q5B100R001000
	SL876Q5B100R002000

If you have any further question about the present communication, please contact Telit Technical Support or your Regional Sales Representative.

Best regards,

Marco Argenton
Head of Product Management
Telit Communications S.p.A.
