Engineering Change Notice

ECN Number:

2064x

Originator:

KR

Origination Date:

12/21/2020

Release Level:

-
- Production
-
-
- Deviation

Product Number(s):

12616-06

Change Type:

-
- BOM
-
-
- Design
-
-
- Cost Savings
-
-
- Process
-
-
- Document
-
-
- Vendor

Reason for Change:

Improve FLP quality.

Change Description:

The supplier for a component in the film has changed. The film component from the new supplier is the same material but is thicker, resulting in a slight increase in overall product thickness. Testing has shown this change to minimally impact FLP environmental and optical performance.
