Item description

WAGO Lighting Management is a highly sophisticated solution for lighting control in large spaces, such as production facilities and warehouses. Using a combination of predefined hardware and user-friendly software, WAGO offers a lighting management system that facilitates the design and commissioning of new lighting systems while providing numerous additional advantages for their operation. The basic idea: WAGO Lighting Management is ready for the vastly different light requirements of warehouses and production facilities. For example, a production facility can be divided into virtual rooms in which the light can be flexibly adapted. Each virtual room receives signals from sensors and actuators in order to automatically set the appropriate light intensity. Virtual rooms allow quick, easy implementation of both conversions and remodeling via Web configuration.

Compatible Controller:

■ Controller PFC200; 2nd Generation; Item No.: 750-8212

Data
Notes

Note	The "Lighting Management" Software is a pre-programmed application based on the *e!COCKPIT* Development Environment and can be used for both PFC200 G2 Controllers or Touch Panels 600.

Subject to changes. Please also observe the further product documentation!

Software Solutions (Applications)

Lighting management

Lighting Management Application	2.1.2	zip	Download
	2023 Jan 12	126.8 MB	

WAGO Lighting Management is a highly sophisticated solution for lighting control in large spaces such as production facilities and warehouses. Using a combination of predefined hardware and user-friendly software, WAGO offers a lighting management system that facilitates the design and commissioning of new lighting systems while providing numerous additional advantages for their operation.

This download always provides you with the latest version of WAGO Lighting Management that we strongly recommend for new installations. When upgrading existing installations that use older versions (V1.x), we recommend that you keep using V1.2. If you have any questions, please contact WAGO Support.
