Range	Better
Size	Large
Standards/Approvals	P100

## Details

- Full facepiece respirator assembly
- Includes P100, nuisance organic vapor particulate filters
- Large lens for wide field of view
- Lightweight, balanced design
- Silicone faceseal for greater comfort and durability

Includes a 3M™ Full Facepiece 6000 and two pairs of 3M™ Particulate Filters 2097, P100, to help reduce exposure to mold and low level organic compounds produced by mold.

This kit is the simple, one stop solution to help provide respiratory protection during most mold remediation activities such as vacuuming, sanding, removal and disposal. A separate chemical cartridge may be needed for exposure to disinfectants. (See disinfectant MSDS for more information.)
