

15-Pin SATA Power Y Cable - M/2xF, 18 AWG, 6 in.

MODEL NUMBER: P947-06N-2P15

Adds a SATA hard drive to a computer or server when no additional power supply wiring harness connectors are available.

Features

15-Pin Splitter Allows Additional SATA Drive to be Added to a Computer or Server This 15-pin SATA power Y cable allows an additional SATA hard drive to be added to a computer or server when no additional power supply wiring harness connectors are available. Simply unplug a SATA hard drive power cable from the existing SATA hard drive and connect the plug-and-play splitter to the power cable's 15-pin female end. Reconnect the old and new drives with the two new female 15-pin ends. This eliminates the need to upgrade the computer power supply for compatibility with an additional SATA drive.

Specifications

OVERVIEW	
UPC Code	037332185327
Country/Region	Global
INPUT	
Maximum Input Amps	1.5
Cable Length (ft.)	0.5
Cable Length (m)	0.2
Cable Length (in.)	6
