### Use of yellow stickers on box to identify devices with changed device orientation in Tape & Reel

#### Information Notification

As communicated in PCN 201806002F01 Ampleon has informed its customers on the decision to standardize device orientation in Tape & Reel. To assure optimal identification of boxes containing devices with changed device orientation in Tape & Reel, Ampleon will place a yellow sticker on the Tape & Reel boxes. See also attached document (available in the Ampleon PCN tool). The yellow stickers will be placed on the boxes for the first three months starting September 22, 2018 for change over only, to identify the new orientation meeting international standard.

#### Why do we issue this Information Notification

To better identify boxes that contain devices with changed orientation in Tape & Reel (see also PCN 201806002F01 addressing the changed device orientation)

#### Identification of affected Products

Comment only

Additional yellow sticker on Tape & Reel box

#### Impact

##### Data Sheet Revision

No impact to existing datasheet

#### Disposition of Old Products

n.a.

## Remarks

Real effective date will be September 22nd, 2018. Date of September 23rd as mentioned in the heading of the notification is due to system limitation of the ePCN tool

## Contact and Support

For all inquiries regarding the ePCN tool application or access issues, please contact Ampleon "Quality Support Team".

For all Quality Notification content inquiries, please contact your local Ampleon Sales Support team.

At Ampleon we are dedicated to creating optimal value for our customers.

Ampleon Quality Management Team.

## About Ampleon

Created in 2015, Ampleon is shaped by 50 years of RF power leadership and is set to exploit the full potential of data and energy transfer in RF. Ampleon has more than 1,250 employees worldwide, dedicated to creating optimal value for customers. Its innovative, yet consistent portfolio offers products and solutions for a wide range of applications, such as cellular base stations, radio/TV/broadcasting, radar, air traffic control, cooking, lighting, industrial lasers and medical. Use of yellow stickers on Tape & Reel boxes  
(Change Information note: 201809001I)

September 2018

# Use of yellow stickers on box to identify devices with changed device orientation in Tape & Reel

## Details:

As communicated in PCN 201806002F01 Ampleon has informed its customers on the decision to standardize device orientation in Tape & Reel. To assure optimal identification of boxes containing devices with changed device orientation in Tape & Reel, Ampleon will place a yellow sticker on the Tape & Reel boxes. See next slide.

The yellow stickers will be placed on the boxes for the first three months starting September 22, 2018 for change over only, to identify the new orientation meeting international standard.

## Reason:

To better identify boxes that contain devices with changed orientation in Tape & Reel (see also PCN 201806002F01 addressing the changed device orientation)
