

Product Change Notification

Date: February 6, 2018

Dear Distributor Partner,

Thank you for your business and continued interest in TDK's ceramic capacitors. This letter is to inform you there has been a production status change for the following attached list of ceramic capacitors. The products included in this document have been revised to Not Recommended for New Design or "NRND". NRND is a production status classification that indicates a part number is approaching the end of its product life cycle. It is not EOL, rather NRND represents the period between Mass Production and EOL. In most cases NRND addresses the natural decline in market sales/profitability, but may identify a consolidation of the product portfolio as well. NRND items are still supported by TDK in mass production; however, long term support is not guaranteed nor are these items recommended for new designs.

EOL and LTB Dates have not been established at this time; however, TDK will distribute separate EOL Notices when this occurs. TDK is committed to working closely with you to minimize any impact this change may have.

Index	TDK Part Number	TDK Item Description	EOL Date	LTB Date	Closest Alternative
1	C2012JB1C226M085AC	C2012JB1C226MT0J0E	TBD	TBD	No Alternative
2	C2012JB1C226M125AC	C2012JB1C226MT000E	TBD	TBD	No Alternative
