

**CUSTOMER NOTICE OF PRODUCT/PROCESS CHANGE**

Customer:	<u>DIGI-KEY CORPORATION</u>	Customer Part Number:	<u>ALL 518 SERIES with Capacitance Range noted below.</u>
CTS Part Number:	<u>0518-XXX-X</u> <u>3.5-20, 5.0-30, 5.0-35, 7.0-40, 7.0-45</u>	Product Description:	<u>Ceramic Trimmer Capacitor</u>

- Product Change - EOL Notification**                       Process Change
- This change is notification only - no customer response is required.
- Customer authorization is required. Please confirm acceptance by email or other written communication.**

---

Description of Change:                      Discontinue the availability of all 518 Series Ceramic Trimmer with Capacitance Range (pf): 3.5-20, 5.0-25, 5.0-30, 5.0-35, 7.0-40 and 7.0-45. (RoHS compliant & Non-RoHS). CTS to obsolete this product and remove it from our active product database.

---

---

Change from:                      Active and available to order.

---

Change to:                      Obsolete – not available to order. No LTB can be offered.

---

Implementation Date:                      May 31, 2017

---

Notes:

The ceramic material used in this product is no longer available. The new source is unable to meet the same performance on the ceramic; the resulting product capacitance is slightly lower. We have no other alternative supplier at this time.
