LF PCN #C0163: 177 Series Fuse Holder Manufacturing Location Change

Littlefuse sent out PCN #C0129 on 06/29/2015 to inform you that the manufacturing location for the products listed below was moving from Germany to Taiwan. Littlefuse subsequently found out that one of our supply chain partners in that region had changed materials for some of the components and the material changes could affect product performance in some applications depending on how the product is installed, the current rating in the application, and other factors.

You are receiving this notice because our records indicate that you have purchased some of the products in question and Littlefuse would like to advise you that we have moved production back to the original location in Germany utilizing the original materials.

Material	Description
177.5701.0001	Block Holder for Strip Fuse
177.5705.0001	Block Holder for Strip Fuse
177.5731.0001	Block Holder for Strip Fuse
177.5721.0001	Block Holder for Strip Fuse

Next Steps:

- If you have unused product of the items listed above with a country of origin = Taiwan, then please contact your Littelfuse sales representative to arrange for replacement product at no charge.
- For products that you have already installed (or sold), please contact Littelfuse engineering at 781-810-4951 so that we can understand the application(s) and help you determine what, if any, actions you might want to take.

Best Regards,

Pat Prince
