### Before Change

### After Change

- Overview**
  - C5210-SH 0.1mm thickness are used for IPASS HD Cage EMI spring production, WL used to source the material from JX Nippon, because of Covid-19, JX material has shortage in supplying and with uncertain of lead-time. For long term, WL propose to have a backup source from [Zijin](#) material.
- Product Impact**
  - Though material manufacturer is changed, but still use same material and no significant change in specification, so there's no impact on product to fit, form and function.
- Part Number Impact as the list**
- Qualification Reports and samples available upon request after the date shown above**
