TE Connectivity

Product Change Notification: E-16-000268

PCN Date: 12-JAN-16

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

Scored products, HT-SCE, TMS-SCE, D-SCE, HX-SCE, UV-SCE and ZHD-SCE.

Description of Changes

The score drawing for the listed part families has been modified.

Reason for Changes:

Product Improvement. At TE we constantly look to develop our products so that we can offer our customers a better experience. We have improved the scoring on the TMS-SCE, D-SCE, HT-SCE, HX-SCE, ZHD-SCE, and UV-SCE ranges to make it quicker to remove the product from the ladder. As such you may notice a slight change in the perforation layout of new batches of product. While these changes are going through there may be a chance that you will receive mixed lots that have the old and new score. This change does not affect the fit, form or function of these products
