SHARP Products Change Notification

Sharp Semiconductor Innovation Corporation

Thank you very much for your continuous usage
of our semiconductor device products.
We would like to inform the change of photo sensor as follows.

Planning and
Engineering
Div.

S.Kouchi

Subject	<u>Notification of the Change of Photointerrupters Packing Materials</u>
---------	---

Applicable Product Category	Photointerrupter GP1S094HCZ0F
Changed From	Running change is scheduled for December 2022 onward.

Due to the discontinuation of packing material (sleeve), we will change the material of sleeve, which is a component of the photointerrupter (GP1S094HCZ0F), so please check the details of the change.

Thank you for your understanding.

1. Applicable Models((1 model))

GP1S094HCZ0F

2. Contents of Change

Changing the Sleeve of the Packing material,

※For details, please refer to the attached comparison table.

3. Reason for Change

Due to discontinuation of packing material(sleeve resin)

In addition, because of this change, it was found that there was an error in some of the packing materials described in the specifications.

Wrong) Interior: Sleeve (polystyrene)

Correct) Interior: Sleeve (PET)

With this change, the interior will be a sleeve (polycarbonate).

If you wish for specification revision, please let us know.

There are no changes to other product specifications and reliability.
