

TLR. Clamps tensile compensated

Steel or stainless steel

STANDARD EXECUTIONS

- **TLR.Z:** zinc-plated steel.
- **TLR.SST:** AISI 304 stainless steel.

FEATURES AND APPLICATIONS

TLR hook clamps are particularly suitable for use on doors subject to vibrations for the action of tensile compensation exerted by the springs.

TLU. Adjustable hook clamps

Steel

LEVER BODY AND CATCH BRACKET MATERIAL

Zinc-plated steel.

FEATURES AND APPLICATIONS

TLU hook clamps are particularly suitable for use on inclined surfaces.
