General Product Description:

Pin Headers

Description of Changes

This Product Change Notification is to inform you about a transfer of assembly lines for the below PNs from TE Hungary to TE India. The transfer follows a strict procedure, which fully maintains the quality, ability to supply and form-fit-function of the concerned products, including internal product & process release activities. The new manufacturing location operates under a certified quality management system in accordance with IATF. Product in the scope of this PCN is a general sales product, therefore no full PPAP will be submitted externally. In case Customer needs a PSW (part submission warranty, as per agreements between the two parties, including the negotiated TE trigger matrix), a request via ePPAP (via www.te.com or request to TE Sales representative) needs to be initiated by Customer within 2 weeks after receiving of this PCN. In case no request is obtained till the above-mentioned date, PSW will be considered as approved and the change is considered as fully released.

Reason for Changes:

The current market situation and e-mobility move drives specific product growth and reaches limits in the workforce, especially in Eastern Europe locations. Consequently, an operational footprint move is required to avoid capacity constraints and further cost increases on top of the accelerating inflation.

Estimated Dates:

Last Order Date (Obsolete Parts Only):	First Date To Ship (Changed Parts Only):
	28-FEB-2023
Last Ship Date (Obsolete Parts Only):	Last Date for Mixed Shipments: (Changed Parts Only):
