

Stackpole Electronics, Inc.
Resistive Product Solutions

PRODUCT DISCONTINUATION NOTICE

PDN 2014-02

**RNF12 – Axial Leaded Metal Film Resistors
(0.1% - Values Above 100K Ohms ONLY)**

February 1, 2014

Please be advised that Stackpole Electronics, Inc. will discontinue manufacture of resistance values above 100K ohms of the RNF12 (0.1% tolerance). This series was previously offered with a tolerance of 0.1% in resistance values up to 300K ohms.

Product: **RNF12 with a tolerance of 0.1% - Resistance values above 100K ohms.**

Discontinuation Announcement Date: Feb. 1, 2014.
Last Order Date: Aug. 1, 2014.
Last Shipment Date: Jan. 31, 2015.

Recommended Replacement: Stackpole offers RNF12 with resistance values up to 499K ohms in 0.5% and 1.0% tolerances.

Reason for Discontinuation: The market for this series is insufficient to warrant continued support.
