After Change

Overview

- The production of four .062 terminals will be moved from our Japan facility to Lincoln, Nebraska, USA
 - This PCN is related to PCN 505590 that showed product transfer to Shanghai, China; this PCN is now redirecting four parts for production in the U.S.
 - Production will remain in Japan until the implementation date of August 3, 2020
 - Sales drawings will be updated
- Product Impact & Reason for Change
 - No impact to fit or function of product
 - Current production dies in Japan are in poor condition; parts will be moved to newer, existing tooling in the U.S. to ensure continuous quality for customers with no interruptions
 - Dies in Japan will retire for these parts after the transfer is complete
- Part Number Impact
 - See attached impacted parts list
- Qualification Reports and samples available after date listed above
