Product Division – Product Change Notice

Product Information

PCN Tracking Number	735-00013
Issue Date	2019-01-03
Product Part Number	BMD-200-A(-R)
	BMD-200-B(-R)
Customer Part Number	Not Applicable

Change Information

Detailed Description of Change		Change in product status to Not Recommended for New Designs (NRND)
Method of identifying Changed Product		Not Applicable
Reason for Change		Bluetooth SIG specification deprecation and legacy status
Anticipated Impact	Form	Not Applicable
	Fit	Not Applicable
	Function	Not Applicable
	Quality	Not Applicable
	Reliability	Not Applicable

Change Schedule

Estimated Production Ship Date	Currently shipping
Supplier Qualification Plan Schedule	Not Applicable
Qualification Data Available	Not Applicable
Samples Available	Not Applicable
Last Date of Manufacture of Unchanged Product	TBD

Other Information:

This PCN is to inform you there has been a production status change for the above listed Wireless Modules. The products included in this document have been revised to Not Recommended for New Design or "NRND". NRND is a production status classification that indicates a part number is approaching the end of its product life cycle. ***It is not EOL***, rather NRND represents the period between Mass Production and EOL. In most cases NRND addresses the natural decline in market sales/profitability. NRND items are still supported by Rigado in mass production; however, long term support is not guaranteed nor are these products recommended for new designs.

In addition, the Bluetooth SIG (www.bluetooth.com) has deprecated or placed certain older specifications on legacy status. New product declarations with existing referenced designs (QDIDs) based on these older specifications and test plans is not recommended and may not be possible.

EOL and LTB Dates have not been established at this time; however, Rigado will distribute separate EOL Notices when this occurs. Please reference our Wireless Modules Longevity Statement (https://go.rigado.com/modules_longevity_statement). Rigado is committed to working closely with you to minimize any impact this change may have.
