

Product Change Notification

PCN#: DC INFRASTRUCTURE- 2018-2-8

Issue Date: 08Feb2018

Impacted Regions: NA EMEA LATAM AP

Reason for Change: Discontinuation Other

DESCRIPTION OF CHANGE: *(Not required for discontinuation)*

The snap on intersection bend radius control can be installed with cutting or fabrication at tees, crosses and right angle intersections. The new model makes it easier to use and provides additional functionality with the tray liner.
