

## PCN No: 13082021

Date: 13/08/2021  
Product: NEVO+600S, NEVO+600M, NEVO+1200S & NEVO+1200M Front Ends

### Purpose of change

To ensure the continued supply of fans used in the production the NEVO+600 & NEVO+1200 Front Ends

### Proposed changes

Currently a 40 x 40 x 24mm Sunon fan (P/N: PMD1204PBB3) is used in the NEVO+600 & NEVO+1200 Front Ends. This fan has been marked for obsolescence by Sunon and there are no direct replacements. Vox Power will evaluate alternate 40 x 40 x 20mm fans from approved suppliers and once evaluation is completed, any of the approved alternate fans can be used in the production of NEVO+600 & NEVO+1200 Front Ends

-------------	--------------------------	-----------------	--------------------------	-------------------	--------------------------	-------	-------------------------------------

Details: Use of alternate approved fans from approved suppliers in the production of NEVO+600 & NEVO+1200 Front Ends

### Reason for change

Quality improvement	<input type="checkbox"/>	Cost reduction	<input type="checkbox"/>	Yield improvement	<input type="checkbox"/>	Other	<input checked="" type="checkbox"/>
---------------------	--------------------------	----------------	--------------------------	-------------------	--------------------------	-------	-------------------------------------

Details: Obsolescence of the current Sunon approved Fan with P/N: PMD1204PBB3

## Controlled under ECO No: ECO-ENG-0883

Internal Vox Power Use Only

### Considerations and Actions

1. Evaluate and approve alternate fans from approved suppliers
2. No product safety updates are required as the fan is listed as "interchangeable"
3. Prepare evaluation reports for each alternate fan considered which can be made available to customers upon request
4. Update datasheets to show the maximum audible noise will increase by 2 d B under worst case conditions

## Implementation Schedule

Implementation date: Q3/2021 (To be phased in during Q3/2021)

Immediate Requirement: Yes

## Approved for Circulation by Vox Power Marketing and Communications

Note: All internal approvals are controlled using the Vox Power Empower PLM system

This PCN is considered approved, without further notification, unless we receive specific customer concerns before (27/9/2021) or as specified by contract.
