

Product Change Notification

TE Connectivity

Product Change Notification: P-20-019615

PCN Date: 23-SEP-20

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
18P, 20P, 26P, and 30P Vertical Surface Mount Assembly Headers

Description of Changes
TE Connectivity is building a replacement line to support our future demand on our 18P, 20P, 26P, and 30P Vertical Surface Mount Assembly Header business.

Reason for Changes:
Product improvement. Due to the age of the equipment that makes the existing 18P, 20, 26P, and 30P Vertical surface mount header products, our machine is struggling to produce at the same rates as it once could due to excessive downtime. Also we have risk with many of the machine components being obsolete from vendors so if something breaks we cannot replace these components. To mitigate this risk and support the future life of this program we are building a replacement assembly line to produce these parts.

Estimated Dates:

Last Order Date (Obsolete Parts Only):	First Date To Ship (Changed Parts Only):
	21-JUL-2021
Last Ship Date (Obsolete Parts Only):	Last Date for Mixed Shipments: (Changed Parts Only):
	No Mixed Shipments
