

Duracell® Coppertop® AAA Batteries w/ Duralock Power Preserve™

Get dependable, long-lasting power from Duracell® Coppertop® batteries. These alkaline batteries have been engineered to deliver just the right level of power for most of your household needs. Plus, they're guaranteed fresh for 10 years. Many of the devices you use in your home are powered most efficiently by Duracell® Coppertop® batteries, including toys, remote controls, flashlights, calculators, clocks, smoke alarms, portable electronics, and more.

The Duralock Power Preserve™ system is engineered to preserve power in storage. Batteries transform chemical energy into electricity to power your devices. If there's a chemical reaction in storage, the active ingredients are oxidized, or wasted, decreasing your available power. By design, Duralock protects the power ingredients to help retain capacity.

Battery Type	Alkaline
Type	Disposable Battery
Battery Size	AAA
Series	Coppertop®
Shelf Life Years	10
Voltage	1.5 V
Description	Coppertop® w/ Duralock Power Preserve™
Package Quantity	24
Manufacturers Part Number	MN2400
Brand	Duracell
