Sample Availability Date (Changed Part)	July 06, 2021		
Planned Implementation Date	July 06, 2021		

Before Change

Tray Material Change from PVC to PET Overview:

- Primary tray/tray cover supplier notified Molex of a shortage in PVC raw material
 - This is becoming more and more the case as countries start to ban the use of PVC and suppliers are no longer always producing it.
- Shortage has caused need for Molex to pivot to an alternate material called PET.
- To keep both Molex and Customers from Line Down Situations, we have made the decision to continue production and convert to this alternate PET material effective Immediately.
 - Due to urgent supply demand, it may be necessary to ship prior to the completion of this PCN process.

After Change

Overview Continued

- New PET material can run in existing tooling to the current PVC production control plans.
- The recycle code on the trays and tray covers will change from a #3 for PVC material to a #1 for the PET material.
- This material change will result in a change to the tray and tray cover Appearance.
 - The PET material makes the trays and tray covers very clear, where as the PVC material gave a clear-bluish tint.
- Part Number Impact
 - see attached impacted parts list
- There is NO impact to Fit, Form or Function for the product packaged in these trays or use the affected tray covers.

Product Change Notification (PCN)
