

Hello,

Thanks to innovative ideas with a focus on future markets, SCHURTER continues to improve and streamline our product line to meet market demand.

The MEL/MSI, FEL, FEL/SIL, and SIL Series, which has had minimal market demand, has reached the end of their product life cycle. For these reasons, SCHURTER is phasing out the part numbers listed in the attached Excel spreadsheet. There are no direct alternates for the phased out part numbers, and this is reflected in the attached excel spreadsheet.

Our POS records indicate you had no customers purchase any of these part numbers during January 1, 2014 through November 30, 2016.

The last time buy for these part numbers is May 31, 2017.

Should you have questions regarding ordering information, please call your Inside Sales contact. Feel free to contact me if you have any questions.

Thank you.
