Description and purpose of change:
 To increase the production capability, Würth Elektronik will implement an additional laser marking process. All products with date code 2023-05-03 or later, will be affected by this change. There will be no change in fit, function, quality or reliability of the product.

Detail of Change:
 1.- All electrical and mechanical properties of the parts will remain the same.
 2.- Both, ink and laser printing will be used from now on.
 3.- The component marking will be updated according to the table below:

INK	LASER
Lot.-No.: xxxxxxxxxxxx0x	Lot.-No.: xxxxxxxxxxxx2x

Reliability / Qualification Summary:

Product approval is according to the specification criteria and is internally released by the Product Management Department.

The following items are part of the internal release process:

- External Visual (MIL-STD-883 Method 2009)
- Steam Aging Test
