RFI EASFD

Before Change

- These products can be manufactured only from the 3 dedicated molds of 2695 series, and all these 3 molds are under production in India (8203 plant). These molds are currently loaded to its maximum capacity and any additional volumes cannot be accommodated on these 3 molds

Parts from Current tooling's Factory Id -MXN

After Change

Overview

- These products can be manufactured only from the 3 dedicated molds of 2695 series, and all these 3 molds are under production in India (8203 plant). These molds are currently loaded to its maximum capacity and any additional volumes cannot be accommodated on these 3 molds. Hence an additional mold must be fabricated.
- We have communication from PM regarding 6471 series is getting obsolete and these products will be replaced by 2695 series. Due to this change the volumes of 6471 series will be added to 2695 series. Based on the current volume and projection it is necessary to have additional capacity mold for 2-4ckt only (16 cavity mold).
- Product Impact - "no impact to fit, form or function"
- Part Number Impact -2695 series, 22013027, 22013037, 22013047
- Qualification Reports and samples available upon request after the date shown above
