Henkel has qualified an alternative blue cap for the existing cartridge which has historically been supplied with a green cap in the packaging of the above-referenced product[s]. To ensure adherence to finished good specifications, Henkel maintained strict adherence to its Quality System requirements during this qualification process. Based on Henkel internal testing we do not anticipate any impact to form, fit, or function of these products due to this change.

These caps are both functionally and chemically compatible to the component and the previous green cap. There is a difference in color captured in Exhibit A and B below.

EXHIBIT A- Previous Green Cap

EXHIBIT B-New Blue Cap

Please contact your local Henkel sales representative if you have any questions or require further information.

Thank you for your support of our products. We look forward to your continued business.
