AMPHENOL LTW M12 X-Code Cable Part Numbers Revision Notification

Dear Valued Customers,

Thank you for your business and continuous interests in Amphenol LTW's waterproof connectors. This official notification is to inform you there will be a part number revision to our standard M12 Series.

Kindly be advised there's no spec. change but our part numbers update. Please note our old M12 X-Code cable part numbers will be phased out by **June 30th, 2021**. Kindly refer to "Appendix A" below for the cross table between old & new part numbers and please utilize the new part numbers for your coming orders.

Please contact our sales representatives should you have any question regarding this part numbers revision notification.

Sincerely,

Product Management Team

Amphenol LTW Technology Co., Ltd.
