HARSH ENVIRONMENT CONNECTIVITY SOLUTIONS

Dura-Pull®

Dura-Twist®

NEW OPTION

REAR-MOUNT RECEPTACLES WITH PC-TAIL CONTACTS The Dura-Pull® and Dura-Twist® series are the first push-pull connectors to offer the harsh-environment reliability Switchcraft/Conxall is known for. These new options feature “PC-tail” type contacts which are suitable for mounting directly on a PCB for quick and reliable installation. Visit Switchcraft.com to learn more about the Dura-Pull® and Dura-Twist® series!

**REAR-MOUNT
CONNECTOR DESIGN**

Rear-mountable receptacles make it easy to solder the connectors to a PCB prior to mounting on a panel.

**IP68
OPTIONAL SEALED
UNMATED**

High quality, silicon-based potting compound ensures the connector remains sealed to IP68 - even when unmated!

**SWITCHCRAFT
QUALITY**

Built to the same high quality-level and specifications that the Dura-Pull® and Dura-Twist® connector series are known for.

SPECIFICATIONS

- Life: 5,000 insert/withdrawals min
- Ingress Protection: IP68
- Temp. Limits: -40°C to 135°C
- Electrical: 10A, 125V AC (2-pin)
- Housing: Copper Alloy, Ni Plated
- Contacts: Copper Alloy, Au Plated
- Insulator: LCP, Natural
- O-Rings: Thermoplastic Elastomer
