Description and Purpose:

This notification is a follow-up to Product Discontinuance Notice PD25141X. Due to market conditions exceeding previous performance and forecast, it has become necessary to tighten our understanding of our customer lifetime needs, and request that you pursue order placement for all affected products by March 31st, 2023. This acceleration is to ensure that we have ample time to agree on and build requested volumes.

For those devices that have no recommended replacement identified, onsemi has partnered with Rochester Electronics and Flip Electronics who will carry any remaining device inventory to potentially allow for a continued source after onsemi has completed its business process

PLEASE NOTE: onsemi may implement minimum order quantities or dollar amounts based on inventories available. Also, Devices on this Product Discontinuance become NCNR (Non-Cancelable, Non-Returnable).

For questions or concerns regarding this notification, please contact your local sales office or customer service representative.
