**Reason and description of change:**

Valued customer,  
 ERNI constantly strives to optimize their products and processing requirements for the best quality standards. For this reason the design of packaging tape of some SMC versions has been optimized, the grid has been minimized and for that, the quantity of the packaging is higher, affected IDs and detailed changes you find in the table below.

ID	Grid		QTY per packaging	
	old	new	old	new
234206	20	16	250	350
234207				
234208				
254414				
474828				
534158				
254536	16 (no change)		280	380
354062				
464822				
474321				

This change will be operated without partnumber change and is effective from 2nd May 2023, old packaging quantities might still be delivered after that depending on existing stock. We will make sure that orders are delivered with only one packaging quantity.

This change will not affect reliability of product and has no impact on form, fit or function of these products.
