PCN EIC-1104 Integrated Circuits Optical Multifunction Products

Detailed Description of Change

As part of the Littelfuse IXYS Integrated Circuits Division’s (ICD) product lifecycle-management process, the following products have been transitioned to an “end-of-life” (EOL) status without replacement:

IAB110P	ITC117P	ITC137P	TS118	TS120P	TS190PL	XS170S
IAB110PTR	ITC117PL	ITC137PTR	TS118P	TS120PTR	TS190PLTR	XS170STR
IAD110P	ITC117PLTR	TS117P	TS118PTR	TS120S	TS190PTR	
IAD110PTR	ITC117PTR	TS117PL	TS118S	TS120STR	TS190S	
IBB110P	ITC135P	TS117PLTR	TS118STR	TS190	TS190STR	
IBB110PTR	ITC135PTR	TS117PTR	TS120	TS190P	XS170	

To satisfy any continuing requirements for these parts, Littelfuse IXYS Integrated Circuits Division is offering a non-cancelable last time buy (LTB). Orders for LTB quantities must be received by **September 30, 2022**, and all LTB products must have shipment request dates by **October 30, 2022**. Acceptance of last time buy orders is subject to product availability and product lead time. Once placed, LTB orders cannot be cancelled, rescheduled, or returned.

While we will endeavor to complete all last time buy requests, severe supply chain constraints may mean we do not manage to ship all requested quantities.

The PCN number assigned to this action is **PCN EIC-1104** and must be referenced in any correspondence related to the change.

If you have any other questions or concerns, please contact your local Littelfuse sales representative or Product Manager below for further assistance.
