Phoenix Contact's factory has announced the following product(s) is going to be discontinued. Existing specifications will be met or exceeded. Technical support of the discontinued product will continue, as required. Please review and acknowledge this document and take the appropriate action with respect to your existing inventory and ordering replacement parts.

Reason for Discontinuation:

The PSI family of cellular modems is being discontinued from the Phoenix Contact Modem family. These cellular products use are no longer applicable to the US market due to 2G shutdown and different frequencies for 3G modem and antenna. To best assist you with the alternative product set, please contact our Technical Service department with the specifics of your application.
