

Product Change Notification

LFPCN#: 41266

Issue Date: March 23, 2017

By: Yong Zhang

Product Manager

Yzhang2@littelfuse.com

Type of Notification: Product End of Life Notification of TSV250-184F-2

Description of Change:

This is to inform our valued customers that we will discontinue TSV250-184F-2 as part of our product cycle life management from now.

As an alternative, we propose TSV250-130F-2, and suggest that users should independently evaluate the suitability of and test for their own applications

Additional Information

Please contact your local Littelfuse sales representatives if you have any questions on this change notification.
