

3M™ Adhesive Remover

Wipe-away glue, grease, and grime without filmy residue

Citrus-based 3M™ Adhesive Remover bites in and dissolves the sticky overspray of many aerosol and cylinder adhesives, plus grease, oil, grime, tape residue, tar, wax, marker graffiti, ink, and more.

- **Cutting power** of this citrus-based formulation can replace mineral spirits, chlorinated and halogenated solvents, acetone, methyl ethyl ketone, and other volatile organic solvents.
- **Evaporates quickly** without residue so cleaned surfaces are ready to use in seconds, eg., surface preparation for metal bonding or painting.
- **Convenient** go-to-the-job portability with an aerosol can, pressurized cylinder, or a pen for very precise application; also available in bulk.

Application ideas

- Remove adhesive overspray
- Flush 3M™ Scotch-Weld™ Cylinder Applicators and Hoses
- Remove grease, oil and many soils from garage and work site floors
- Remove adhesive tape residue
- Clean greasy parts and equipment
- Clean away marker and crayon

3M™ Adhesive Remover

Product Size	Description	VOCs	Scent	Spray Pattern	Flash Point	MACT Compliant
0.35 fl. oz. pen	Citrus-based cleaning agent used to replace typical industrial solvents like acetone and MEK. Evaporates quickly and doesn't leave a residue.	840 g/L	Low citrus	Not applicable	117°F	Yes
24 fl. oz. aerosol		100%	Low citrus	Mist	-50.0°F	Yes
9 lb. cylinder		800 g/L	Low citrus	Mist	-50.0°F	Yes
1 gal, 5 gal, 52 gal bulk		840 g/L	Low citrus	Not applicable	117°F	Yes

Keep a **0.35 fl. oz. pen** handy for infrequent usage or precise application to small or hard to reach areas.

24 fl. oz. aerosol adds convenience to any tool box or crib for applications such as dissolving away the overspray of countertop laminating adhesive, wiping away oil from a concrete floor, or degreasing equipment.

Same performance as the aerosol, the **9 lb. pressurized cylinder** gives you more cleaner at the job site for higher volume applications.

Application Idea: Attach the spray gun and hoses used with 3M™ Cylinder Spray Adhesives to the Adhesive Remover cylinder and flush the equipment for fast and effective clean-up.

Consider the **bulk 1-gallon and 5-gallon pail** or the **55-gallon drum** when cleaning is a processing step in a production line, or when you need other high volume clean-up or surface preparation.

PRODUCT USE: All statements, technical information and recommendations contained in this document are based upon tests or experience that 3M believes are reliable. However, many factors beyond 3M's control can affect the use and performance of a 3M product in a particular application, including the conditions under which the product is used and the time and environmental conditions in which the product is expected to perform. Since these factors are uniquely within the user's knowledge and control, it is essential that the user evaluate the 3M product to determine whether it is fit for a particular purpose and suitable for the user's method of application.

WARRANTY AND LIMITED REMEDY: 3M warrants that each 3M product meets the applicable specifications at the time 3M ships the product. **3M MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY IMPLIED WARRANTY ARISING OUT OF A COURSE OF DEALING, CUSTOM OR USAGE OF TRADE.** User is responsible for determining whether the 3M product is fit for a particular purpose and suitable for user's application. If the 3M product is defective, your exclusive remedy and 3M's and seller's sole obligation will be, at 3M's option, to repair or replace the product or refund the purchase price. **LIMITATION OF LIABILITY:** Except where prohibited by law, 3M and seller will not be liable for any loss or damage arising from the 3M product, whether direct, indirect, special, incidental or consequential, regardless of the legal theory asserted, including warranty, contract, negligence or strict liability.
