

Issue Date: December 4th, 2019

Dear Valued Customer,

This notice is to inform you of changes affecting selected item(s) that you have purchased from Littelfuse.

Description of the Change:

- We are converting our part labeling process from a micro stamping to a laser process.

Reason for The Change:

- Our new process is a clarity improvement on our final products and provides a quieter means of production for our manufacturing site.

Effective Date of the Change:

- Littelfuse will begin production using this process on 1/2/20.

What You Need to Do:

- This will have no impact to fit, form, or function of your products.
- As this is being coordinated as a running change, delivery will not be impacted.

For any questions, please feel free to reach out to either your Littelfuse Customer Service Representative or Inside Sales Representative.

We appreciate your continued partnership and business.

Sincerely,

Zachary Naughton
Global Product Manager
Littelfuse Commercial Vehicle Products
