

Product Discontinuance Notice - PDN 10_0035 Rev. -

Analog Devices, Inc. Three Technology Way Norwood, Massachusetts 02062-9106

This notice is to inform you of a product discontinuance for certain ADI products (see Discontinued Parts Material List below). Any issues with this PDN must be sent to ADI as soon as possible. The information contained within this PDN is considered proprietary and should not be shared outside of your company. ADI contact information is listed below.

PDN Title:

Obsolescence Notification for ADG820

Publication Date: 11-Mar-2010

Last Time Buy Date: 11-Mar-2011

Last Time Ship Date: 11-Mar-2012

Reason For Discontinuance

Due to run rates and decreased manufacturability, ADI has decided to obsolete the ADG820 Generic and associated Models. The closest recommended replacement parts are ADG819, these are Pin for Pin compatible but the ADG820 offers make before break, and the ADG819 break before make switching, but performance wise they are the same.

Supporting Documents None
