

Product Discontinuation Notice: 3M™ 4-Wall Tri-Polarized Header, Beige Snap-In Latch Discontinuation

Issue Number: 837 Date: October 1, 2012

Product Discontinuance: Effective January 1, 2013, due to lack of sales, 3M is discontinuing the beige color snap-in latches for the 4-Wall Tri-Polarized Header (810 Series) product line. In the recent past, the beige color header bodies were changed to black, making the beige snap-in latches unnecessary. Last time purchases will be offered until close of business (Central US time) on December 28, 2012.

Replacement Parts: There are identical replacement latches available in a black color resin. Form, fit and function of the replacement parts are the same. The only difference is the color. The black latches have a different part number than the beige latches as outlined below. The customer will need to determine if the replacement parts are suitable for their intended application.

Part Number Information: The affected parts are on TS0253.
