End-of-Life Notification

Topic	**SARA-G300/SARA-G310 EOL**
	UBX-18059057
Author	Rado Šušteršič
Date	07-Nov-2018

1 Affected Products

Product in End of Life	Recommended successor product
SARA-G300-00S	SARA-G340-02S
SARA-G310-00S	SARA-G350-02S

2 Reason for discontinuation

u-blox has decided to announce the end-of-life for the above listed products. This is due to the EOL of the memory used by the modules. The development, qualification, and production of a new version would result in increased unit cost, while the technical features of such a product would no longer fulfill market requirements.

Our successor products offer better performance and more functionality.

3 Recommendation

u-blox recommends migrating to SARA-G340-02S if a dual-band module is needed or to SARA-G350-02S if a quad-band module is needed. These modules are pin-to-pin compatible with the phased out ones and come with enhanced performance and quality.

Please consult local FAE's for further support.

4 Schedule

Last Time Buy Date	December 28th 2018
Last Ship Date	July 15th 2019

5 Contact

We thank you for your understanding in this situation and assure you our very best support. u-blox appreciates and values your continued business relationship and looks forward to your future interest in our outstanding product portfolio. Please contact your nearest u-blox sales team for any questions you may have.
