

## SmartRack Outdoor Industrial Enclosure with Lock - NEMA 4, Surface Mount, Metal Construction, 10 x 10 x 6 in., Red

MODEL NUMBER: SRIN410106R

Locking metal enclosure protects your outdoor equipment against theft, damage, tampering, and excess moisture and debris.

### Features

#### Surface-Mount Enclosure Secures and Organizes Valuable First-Responder Equipment

This SmartRack® industrial enclosure with a red metal housing is designed to protect expensive outdoor equipment, especially that used in security, fire, law enforcement and other first-responder applications. It accommodates industrial controls and computers, HMI, enterprise systems, remote networking equipment, distributed controls, production monitoring systems, wireless access points, building automation and HVAC, security, audio/video, and telecommunications applications. Included steel and plastic rear panels accommodate most equipment.

#### NEMA 4 Enclosure Designed for Protection Against Harsh Elements

The SRIN410106R protects its contents against the ingress of water (including rain, sleet, snow, splashing water and hose-directed water), solid foreign objects (including falling dirt and windblown dust) and even ice forming on the outside of the enclosure. It is ideal for a multitude of industrial sites, such as factories, processing plants, fabrication areas, retail locations and other areas where you need to keep sensitive equipment secure, organized and out of the way.

#### Locks Securely to Help Prevent Theft, Damage and Tampering

The rugged heavy-duty 14-gauge steel housing locks securely with the included key to protect its contents against theft, tampering, dust and other contaminants. The weather-sealed door allows easy access to equipment and cabling during installation and maintenance. Data and power cables may be routed through a bottom conduit cutout.

#### Easy to Install

This steel enclosure comes fully assembled and ready for mounting on a wall using both the included and user-supplied hardware. It measures 10 inches high, 10 inches wide and 6 inches deep.

## Specifications

### OVERVIEW

### Highlights

- Red metal housing protects security, fire, law enforcement and other equipment
- NEMA 4 enclosure provides protection against water, ice, snow and other moisture
- Includes metal and plastic backplates to accommodate a wide range of equipment
- Comes fully assembled and ready for wall mounting using included hardware

### Package Includes

- SRIN410106R Outdoor Industrial Enclosure
- (4) Mounting brackets
- (8) M6 screws
- Information/data filing door bracket
- Metal backplate
- Plastic backplate
- Gland plate (pre-installed)
- Key
- Installation guide
