Product Change Notification: E-16-005036

PCN Date: 27-APR-16

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
PC/104 Plus - Press Fit Connectors

Description of Changes
Correcting an error on the Drill Hole and Finished Hole size.

Reason for Changes:
Document Clarification. If PCB is manufactured (Drill Hole) at high end of tolerance range and the compliant Pin is manufactured at the low end of the tolerance range, there is the potential of not having enough interference between the compliant section of the pin and the PCB hole to properly compress the compliant section, thus providing a gas-tight connection.
