Effective Date:

17.NOV.2021

Originator: Jason Roe [jason.roe@erni.com; +1 (804) 228-4112]

Reason and Description of Change:

Cable assemblies and all value added services will no longer be available due to the closure of ERNI's North American production operations in Virginia. ERNI will complete and ship all open orders by 25 FEB 2022 and will allow for limited last time buys based on material and labor availability. Cable assemblies and value added services provided by other ERNI entities remains unchanged. Items with available cross references are noted in the attached listing.

A last time buy will be reviewed for part numbers/assemblies shipped within the past 12 months in orderable quantities up to one-fourth of annual shipped demand. Orders must be received by 20.DEC.2021 and will be subjected to a thorough capabilities review prior to confirmation.

All open and confirmed orders will be completed, shipped and invoiced prior to plant closure even if customer's requested delivery date is after 25 FEB 2022.

All component BOM's, drawings, processing requirements and contract assembly service supplier references are available upon request. ERNI connector materials can be purchased thru ERNI's normal distribution channels.

Product(s) Affected / Types:

Minibridge/Maxibridge/SMC/iBridge Cable Assemblies produced in North America
Board assemblies and Value Added services offered by North American operations

Part Number(s) Affected:

ERNI Part Number	Description
see list	see list

Legal Disclaimer:

If we do not receive any response within the given time limit we consider this as the acceptance of the PTN.
